Sir:

It is hereby requested that a Certificate of Correction under 37 C.F.R. §§ 1.322 and 1.323 be issued for the above-captioned United States Patent. This Certificate of Correction is being requested due to a mistake which appears in the printed patent. This mistake was a result of errors by both the United States Patent and Trademark Office (USPTO) and Applicants. The mistake is of a minor character. Patentees submit that correction of this mistake does not introduce new matter.

Specifically, the printed patent contains the following mistake for which a Certificate of Correction is respectfully requested:

At column 1, line 14, above "FIELD OF THE INVENTION", please add:

U.S. Application No. 10/674,825, Drebin *et al.*, Method of and Apparatus for Compressing and Uncompressing Image Data, is incorporated herein in its entirety by reference.--

Remarks

U.S. Patent No. 7,330,587 issued from U.S. Patent Application No. 10/674,825, filed October 1, 2003. The specification of U.S. Patent Application No. 10/674,825 included Appendix A, a computer program listing having over 300 lines. Applicants failed to submit this computer program listing as a file on a compact disc as required under 37 C.F.R. § 1.96(c). Additionally, the USPTO failed, in its correspondence with Applicants, to use form paragraph 6.64.03 at M.P.E.P. § 608.05(a)(II) to alert Applicants to the requirement to submit the computer program listing as a file on a compact disc. Accordingly, U.S. Patent No. 7,330,587 issued without the computer program listing having been submitted as a file on a compact disc and without the specification including Appendix A.

In a July 11, 2008, telephone conversation between Ms. Michelle Williams of the USPTO and Mr. Sreekar Gadde of the law firm representing Applicants, Ms. Williams confirmed that the lack of a submission of the compact disc and the lack of a reference in the specification to the compact disc, both required under 37 C.F.R. § 1.96(c), could be corrected in conjunction with the filing of a Request for Certificate of Correction Under 37 C.F.R. §§ 1.322 and 1.323.

Because this mistake occurred in good faith and the correction does not involve changes that would constitute new matter or would require reexamination, Patentees request that this certificate of correction be granted.

A completed Form PTO/SB/44 accompanies this request, with the above-noted correction printed thereon. Additionally, the computer program listing of Appendix A has

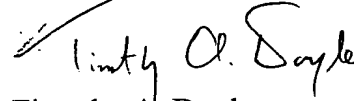

NOV 17 2008

been submitted, along with two duplicate copies. Accordingly, a Certificate of Correction is believed proper and issuance thereof is respectfully requested.

This request is accompanied by payment of the fee set forth in 37 C.F.R. § 1.20(a). Fee payment is provided in the attached Credit Card Payment Form (PTO-2038). The Commissioner is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,
